PROFESSIONAL EXPERIENCE

Nov 2004-Current

Director of Organizational Development & Projects

LIRNE *asia* (www.lirneasia.net), Colombo, Sri Lanka

- Project manager for projects undertaken by LIRNE *asia* in the region, currently managing multi-component telecom research project in six countries (India, Indonesia, Pakistan, Philippines, Sri Lanka, Thailand) to ensure implementation of deliverables.
- Lead researcher on Indonesian project to assess telecom regulatory environment & benchmark sector performance in that country.
- Successfully managed six ICT-related projects in five countries in 2005.
- Lead researcher on Indonesian case study, *Wi-Fi "Innovation" in Indonesia: Working around Hostile Market and Regulatory Conditions* (2006).
- Written request for proposals (RFPs) which have generated more than USD\$450,000 in externally funded projects.
- Responsible for developing LIRNE *asia* into an effective virtual organization by facilitating networking of ICT researchers in the Asian region using online tools and identifying sustainable model for regional collaboration.
- Managing LIRNEasia's website and facilitating online discussion on current ICT policy issues.

2001-2003

Senior Researcher

Economics of Infrastructures, Delft University of Technology, Delft, The Netherlands

- Conducted research on major telecommunications policy & regulatory issues.
- Worked on ICT research projects that have provided input to various stakeholders, including regulatory agencies.
- Contributed to two publications: *Designing Next Generation Telecom Reform: ICT Convergence or Multisector Utility?*, *Trends in European Telecommunication: A 2002 Status Report of Denmark's Progress in Telecom Reform*.
- Designed and implemented online forum for generating and disseminating new knowledge in regulation and governance of network economies (www.regulateonline.org).

1999-2001

Associate Director

Office of the Chief Information Officer, The Ohio State University, Columbus OH USA

- Helped develop technology initiatives and funding; set priorities, goals, and policies in the realm of information technology (IT) at the Ohio State University; helped develop the university's five-year IT strategic plan.
- Played pivotal role on a proposal to generate \$30 million over five years for IT at Ohio State; designed communication of proposal to university community comprising 50,000+ students; collected student responses; presented recommendations on the proposal to the Board of Regents of the state of Ohio and to the university.

1995-1999

Graduate Teaching Associate

Department of Communication, The Ohio State University, Columbus, OH USA

- Taught introductory courses on telecommunications and media policy, technologies and industry to undergraduate students. The average class consisted of 40 students and the courses were offered three times a year for 10 weeks each.

1996-1997

Graduate Research Associate

The Center for Advanced Study in Telecommunications, The Ohio State University, Columbus, OH USA

- Analyzed implications of the Telecommunications Act of 1996 passed by the US Congress; helped organize conference that brought together businesses, regulators, telecom industry representatives to discuss the opportunities and challenges presented by the Telecommunications Act of 1996.

1994-1995

Studio Producer

WBGU-TV/PBS, Bowling Green, OH USA

- Produced the weekly broadcast TV show, "News Six." Wrote the script, supervised the in-studio production and scheduled the camera crew for field and in-studio production

1993-1994

Production Assistant

Interactive Multimedia Group, Research & Development, CMC Limited, Hyderabad, India

- Designed interactive multimedia courseware for waste-land development and rice cultivation, funded by the World Bank.

SIDE PROJECTS

2002 (January-April)

Coordinator

- Coordinated Telecom Reform study visit by the Royal Government of Bhutan staff to four different Telecom Regulatory bodies in Asia: NTA (Nepal), OFTA (Hong Kong), DTIT (Macau), and TRC (Sri Lanka); defined study objectives, drew up budget, and coordinated logistics. The study visit was funded by the World Bank.
